Reserve Champion
Fine Medium
Sale Ram
GSSM 2015

18.4u, 14.7CV, 99.8CF

Sire: HEK "TOM"
090462

Location: Rockdale is located 12km North East of Canowindra NSW, on the edge of the Central Tablelands and South West Slopes.

Bloodline: Egelabra, Rockdale

History: Rockdale has been pure Egelabra bloodline since 1937, with the decision made to establish a stud in 1975. Rockdale has become one of the leading Egelabra daughter studs. Rockdale runs both stud and commercial merino flocks along with a large farming operation.

Rockdale's Breeding Objectives:

- Maintain a pure Egelabra blood flock
- Suitable for a range of climatic conditions
- Large frame size
- Produce long soft bright Wool of 19.0u
- Increase wool cut, density & nourishment

Rams Available From October
